

## CHANGE NOTIFICATION INTIMATION LETTER

Dear User,

We are writing to inform you of a change to the components / procedure of our kit (bearing Catalog Number **#KBI1020 | KRIBIOLISA™ Natalizumab (TYSABRI™) ELISA**)

This new ELISA kit version is effective from manufacturing month of December 2024 onwards.

Earlier Version Particular	Earlier Version No.1.2
Revised Version Particular	Revised Version No.1.3

We will no longer be shipping ELISA kits of the older version and this version Version 1.3 takes precedence.

Concentrated detection conjugate and detection diluent are provided separately with the dilution calculation in the Reagent Preparation Sheet provided in the kit. Concentrated detection conjugate will be stored at -20°C. These changes indicated in the ELISA kit will improve the stability of the kit.

Please advise us as soon as possible if you have any issue related to the same.

This change does not impact the product efficacy.

The labelling such as kit and component labels and the instruction for use will reflect the new version.

If you require any further information, please feel free to contact us.

With regards,

**FOR KRISHGEN BIOSYSTEMS**

**LABORATORY MANAGER**

**Dated: 12<sup>th</sup> December 2024**
